Instructions:

A dependent student is a student who was required to add financial information about their parent(s) on their 2023-24 FAFSA. Dependent students typically are offered loan amounts that are lower than independent students and often when these loans are split between three semesters they don't provide enough funding for a full course load. This form is for dependent students who have been awarded for 2023-24 for fall and spring only, but wish to make an adjustment to his/her award to include a loan award for summer.

1. Please indicate your expected enrollment for the fall spring and summer semesters of 2023-2024:
