

Calculating your 2024-2025 Cost of Attendance

At Wilmington University

The total amount of federal student aid for which you qualify at Wilmington University for the entire academic year is determined by your Budget or “Cost of Attendance”. Therefore, changes in your enrollment will directly impact your financial aid.

Your initial “Cost of Attendance” (COA) assigned for the year is based on the anticipated attendance you told us when you completed the WU App for Financial Aid online. However, your COA must be recalculated if you do not attend for a full 4 months in each semester – thus your total aid **MAY BE REDUCED** to prevent or fix an over-award. An over-award occurs when your total aid exceeds your COA for the year.

***Dependent Student = Undergraduate students whose parents were required to sign the FAFSA**

*These are *estimated* amounts and are **NOT** charged to your student billing account.

**This represents your maximum financial aid for the semester which is also subject to annual and lifetime limits

***This represents your total COA for the entire year. Total AID eligibility is subject to annual, aggregate, and lifetime eligibility limits.

IMPORTANT NOTE

Students attending for one semester only as their *final* semester, i.e. **DECEMBER GRADUATES** are subject to Loan Proration as mandated by the federal government. Thus your maximum loan amount in that final term is proportional to the number of credits remaining to complete your degree program. For example: a student taking 6 credits may receive up to $\frac{1}{4}$ of their annual federal loan eligibility amount, a student taking 12 credits may receive up to $\frac{1}{2}$ of their annual federal loan eligibility amount.
